

**PRODUCT DATA SHEET FLEXIBLE MATERIALS:
PRINTABILITY BM3 FLEXIBLE MAGNETIC SHEETING WITH COATED PET FILM**

ISO 9001 and ISO 14001 Certified
Version 1.0

Printability

Printability	Possible	Note
Large format digital printer: eco-solvent inks	Yes	
Large format digital printer: UV inks	Yes	
Latex printer: latex inks	Yes	Users should do preliminary tests to confirm printability before production. Printing problems may occur on certain machines due to ink problems or other technical problems not to our knowledge.

PET film in- & outdoor applications

The coating is suitable for indoor application. For outdoor application, it can stand for short period of time only, i.e. less than one month, because water and wind might damage the coating. It is suggested to clean the coated material with a soft and dry cloth gently.

IMPORTANT NOTICE

Published information concerning Bakker Magnetics products is based upon research and information which the Company believes to be reliable although such information does not constitute a warranty. Because of the variety of uses of Bakker Magnetics products and the continuing development of new applications, the purchaser should carefully consider the suitability and performance of the product for each intended use, and the purchaser shall assume all risks regarding such use. The seller shall not be liable for damages in excess of the purchase price of the product nor for incidental or consequential damages. All specifications are subject to change without prior notice.
